WayToWeb Pvt Ltd

Ahmedabad, India

Web Development - Internship

Jan 2023 - May 2023

- Developed an E-commerce Website using Python Django Framework.
- The project involved developing a full-stack web application, from designing the user interface to building the backend server. To achieve this, I used Django, a Python-based web framework, to develop the website's backend, which included features such as user authentication, product catalog management, and payment processing.
- Throughout the project, I gained practical experience in web development, database management, and server-side programming using Django.
- I also developed strong problem-solving skills, the ability to work collaboratively with other developers, and the ability to manage multiple project tasks and priorities.

Digital Aura

Ahmedabad, India
